(Marries with Route Visualisation Tool - an automatically generated unique ID)					
123	Witton Park	New Inn crossroads, in or at the edge of the new car park facility.	Loading the payload	Coal being tipped from mining waggons to chaldron waggons. Miner and railway worker present, demonstrating the hand-over of payload.	To do
102	Etherley Incine	On grassy area at base of incline, near Phoenix Row cottages.	Connecting the waggons	Hooking the chaldron to the rope system prior to being hauled uphill by the static steam engine at the top. Rail worker and onlookers.	To do
97	Etherley Incline	In the rectilinear area of land identified as the location of the winding house.	The winding house	A person attending the static steam winding engine, looking downhill to the north. Children off to one side onlooking.	To do
105	Gaunless Bridge	On the north side of the Gaunless, atop the grassy embankment on the original line of the railway.	Crossing the water	A rider on the waggon, about to cross the bridge. Onlookers waving hats and scarves.	To do
98	Brusselton Incline	Atop the recreated section of stone sleepers.	Braking the Waggon	Rider on a waggon braking as the waggon runs out of control. VIP holding on to his hat in desperation.	Already complete
111	Shildon Town	Atop recreated section of track opposite Mason's Arms.	All Ready!	The moment that Timothy Hackworth gives his order and the first steam-hauled journey leaves Shildon. Stephenson at the controls of Locomotion 1, Hackworth to the side shouting 'All Ready!'. Blue-scarfed man in between each waggon.	To do
118	Newton Aycliffe	Atop the recreated section of sleeper stones west of the network rail track near Newton Aycliffe station.	Full speed	80 tonnes of train hurtles down the track with smoke / steam running horizontally behind the stack to indicate speed.	To do
290	Fighting Cocks	On the plot of land given over by Sainsburys.	Passengers	Passengers await and welcome the oncoming train to the stop.	To do
151	Preston Park	On the grass area outside Preston Park, in the corner nearest the gatehouse.	The Race	A full-speed race between a train led by Locomotion No. 1 and a horse-drawn carriage.	Already complete
114	St John's Crossing	On a small patch of land outside the existing building.	Option 1 - Tickets Please Option 2 - Weighing the load	Option 1 - An early conductor takes tickets from the passengers. Option 2 - The weighbridge and two people making notes for the billing - the railway worker and the person who wants the load transporting (haulier?).	To do
206	Stockton Riverside	As part of the new urban realm scheme.	From Rail to Sea	Waggons drop their load on the chutes that port the load onto the awaiting boats / barges.	To do
